Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Management has omitted Management's Discussion and Analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The Supplementary Information, as listed in the table of contents, is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Supplementary Information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Information

Management is responsible for the other information included in the annual report. The Other Information, as listed in the table of contents, does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the Other Information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

IN FUND BALANCES OF THE GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES –
YEAR ENDED DECEMBER 31, 2021**

Net Change in Fund Balances - Governmental Funds	\$ (801,476)
--	--------------

Amounts reported for governmental activities in the statement of activities are different because:

Governmental funds report capital outlays as expenditures. In the statement of activities, capital outlay is not reported as an expenditure. However, the statement of activities will report as depreciation expense, the allocation of the cost of any depreciable asset over the estimated useful life of the asset. Capital outlay and depreciation expense in the current period are as follows:

Capital Outlay	1,321,357
----------------	-----------

The issuance of long-term debt (e.g., bonds) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. Also, governmental funds report the effect of premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. The net effect of these differences in the treatment of long-term debt and related items is as follows:

Developer Advance	(1,369,643)
Accrued Interest on Developer Advance	(347,512)
Repayment of Developer Advance - Principal	391,409
Repayment of Developer Advance - Interest	21,098

Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.

**REMUDA RANCH METROPOLITAN DISTRICT
NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2021**

NOTE 1 DEFINITION OF REPORTING ENTITY

Remuda Ranch Metropolitan District (District), a quasi-municipal corporation and a political subdivision of the State of Colorado, was organized by order and decree of the District Court for Douglas County, Colorado, on November 13, 2008 and is governed pursuant to provisions of the Colorado Special District Act (Title 32, Article 1, Colorado Revised Statutes). The District was organized to provide Public Improvements and services for the benefit of all anticipated inhabitants and taxpayers of the District, either within or without its boundaries as they may change by virtue of inclusions of property. The District also serves to finance and oversee the construction of these Public Improvements and, if appropriate, to dedicate the Public Improvements to other public entities or to provide for ongoing operations and maintenance. The District's service area is located in Douglas County, Colorado.

The District follows the Governmental Accounting Standards Board (GASB) accounting pronouncements, which provide guidance for determining which governmental activities, organizations and functions should be included within the financial reporting entity. GASB pronouncements set forth the financial accountability of a governmental organization's elected governing body as the basic criterion for including a possible component governmental organization in a primary government's legal entity. Financial accountability includes, but is not limited to, appointment of a voting majority of the organization's governing body, ability to impose its will on the organization, a potential for the organization to provide specific financial benefits or burdens, and fiscal dependency.

The District has no employees, and all operations and administrative functions are contracted.

The District is not financially accountable for any other organization, nor is the District a component unit of any other primary governmental entity.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The more significant accounting policies of the District are described as follows:

Government-Wide and Fund Financial Statements

The government-wide financial statements include the statement of net position and the statement of activities. These financial statements include all of the activities of the District. The effect of interfund activity has been removed from these statements. Governmental activities are normally supported by property taxes and intergovernmental revenues.

The statement of net position reports all financial and capital resources of the District. The difference between the assets, deferred outflow of resources, liabilities, and deferred inflow of resources of the District is reported as net position.

**REMUDA RANCH METROPOLITAN DISTRICT
NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2021**

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Government-Wide and Fund Financial Statements (Continued)

The statement of activities demonstrates the degree to which the direct and indirect expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment, and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Internally dedicated resources are reported as general revenues rather than program revenues. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for the governmental funds. Major individual governmental funds are reported as separate columns in the fund financial statements.

Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the District considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. The major sources of revenue susceptible to accrual are property taxes. All other revenue items are considered to be measurable and available only when cash is received by the District. Expenditures, other than interest on long-term obligations, are recorded when the liability is incurred or the long-term obligation due.

The District reports the following major governmental funds:

The General Fund is the District's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The Debt Service Fund accounts for the resources accumulated and payments made for principal and interest on long-term general obligation debt of the governmental funds.

The Capital Projects Fund is used to account for financial resources to be used for the acquisition and construction of capital equipment and facilities.

**REMUDA RANCH METROPOLITAN DISTRICT
NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2021**

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Budgets

In accordance with the State Budget Law, the District's Board of Directors holds public hearings in the fall each year to approve the budget and appropriate the funds for the ensuing year. The appropriation is at the total fund expenditures and other financing uses level and lapses at year-end. The District's Board of Directors can modify the budget by line item within the total appropriation without notification. The appropriation can only be modified upon completion of notification and publication requirements. The budget includes each fund on its basis of accounting unless otherwise indicated.

The District amended its annual budget for the year ended December 31, 2021.

Pooled Cash and Investments

The District follows the practice of pooling cash and investments of all funds to maximize investment earnings. Except when required by trust or other agreements, all cash is deposited to and disbursed from a single bank account. Cash in excess of immediate operating requirements is pooled for deposit and investment flexibility. Investment earnings are allocated periodically to the participating funds based upon each fund's average equity balance in the total cash and investments.

Property Taxes

Property taxes are levied by the District's Board of Directors. The levy is based on assessed valuations determined by the County Assessor generally as of January 1 of each year. The levy is normally set by December 15 by certification to the County Commissioners to assess the property tax obligation of the individual properties as of January 1 of the following year. The County Treasurer collects the determined taxes during the ensuing calendar year. The taxes are payable by April, or if in equal installments at the taxpayer's election, in February and June. Delinquent taxpayers are notified in August and generally sales of the tax liens on delinquent properties are held in November or December. The County Treasurer remits the taxes collected monthly to the District.

Property taxes, net of estimated uncollectible taxes, are recorded initially as deferred inflow of resources in the year they are levied and measurable. The unearned property tax revenues are recorded as revenue in the year they are available or collected.

Capital Assets

Capital assets, which include property, plant, equipment, and infrastructure assets (e.g., roads, bridges, sidewalks, and similar items), are reported in the government-wide financial statements. Capital assets are defined by the District as assets with an initial, individual cost of more than \$5,000. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at acquisition value at the date of donation.

**REMUDA RANCH METROPOLITAN DISTRICT
NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2021**

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Capital Assets (Continued)

Capital assets which are anticipated to be conveyed to other governmental entities are recorded as construction in progress and are not included in the calculation of net investment in capital assets.

The cost of normal maintenance and repairs that do not add to the value of the assets or materially extend the life of the asset are not capitalized. Improvements are capitalized and depreciated over the remaining useful lives of the related fixed assets, as applicable.

Deferred Inflow of Resources

In addition to liabilities, the statement of net position reports a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period and so will not be recognized as an inflow of resources (revenue) until that time. The District has one item that qualifies for reporting in this category. Accordingly, the item, deferred property tax revenue, is deferred and recognized as an inflow of resources in the period that the amount becomes available.

Equity

Net Position

For government-wide presentation purposes when both restricted and unrestricted resources are available for use, it is the District's practice to use restricted resources first, then unrestricted resources as they are needed.

In the government-wide financial statements, fund equity is classified as net position. Net position may be classified into three components: net investment in capital assets, restricted and unrestricted.

Fund Balance

Fund balances for governmental funds should be reported in classifications that comprise a hierarchy based on the extent to which the government is bound to honor constraints on the specific purposes for which spending can occur. Governmental funds report up to five classifications of fund balance: nonspendable, restricted, committed, assigned, and unassigned. Because circumstances differ among governments, not every government or every governmental fund will present all of these components. The following classifications describe the relative strength of the spending constraints:

Nonspendable Fund Balance – The portion of fund balance that cannot be spent because it is either not in spendable form (such as prepaid amounts or inventory) or legally or contractually required to be maintained intact.

Restricted Fund Balance – The portion of fund balance that is constrained to being used for a specific purpose by external parties (such as bondholders), constitutional provisions, or enabling legislation.

**REMUDA RANCH METROPOLITAN DISTRICT
NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2021**

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Equity (Continued)

Fund Balance (Continued)

Committed Fund Balance – The portion of fund balance that can only be used for specific purposes pursuant to constraints imposed by formal action of the government's highest level of decision-making authority, the Board of Directors. The constraint may be removed or changed only through formal action of the Board of Directors.

Assigned Fund Balance – The portion of fund balance that is constrained by the government's intent to be used for specific purposes, but is neither restricted nor committed. Intent is expressed by the Board of Directors to be used for a specific purpose. Constraints imposed on the use of assigned amounts are more easily removed or modified than those imposed on amounts that are classified as committed.

Unassigned Fund Balance – The residual portion of fund balance that does not meet any of the criteria described above.

If more than one classification of fund balance is available for use when an expenditure is incurred, it is the District's practice to use the most restrictive classification first.

NOTE 3 CASH AND INVESTMENTS

Cash and investments as of December 31, 2021, are classified in the accompanying financial statements as follows:

Statement of Net Position:

Cash and Investments	\$ 590
Cash and Investments - Restricted	1,352,701
Total Cash and Investments	<u>\$ 1,353,291</u>

Cash and investments as of December 31, 2021, consist of the following:

Deposits with Financial Institutions	\$ 6,445
Investments	1,346,846
Total Cash and Investments	<u>\$ 1,353,291</u>

Deposits With Financial Institutions

The Colorado Public Deposit Protection Act (PDPA) requires that all units of local government deposit cash in eligible public depositories. Eligibility is determined by state regulators. Amounts on deposit in excess of federal insurance levels must be collateralized. The eligible collateral is determined by the PDPA. PDPA allows the institution to create a single collateral pool for all public funds. The pool for all the uninsured public deposits as a group is to be maintained by another institution or held in trust. The market value of the collateral must be at least 102% of the aggregate uninsured deposits.

**REMUDA RANCH METROPOLITAN DISTRICT
NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2021**

NOTE 3 CASH AND INVESTMENTS (CONTINUED)

Deposits With Financial Institutions (Continued)

The State Commissioners for banks and financial services are required by statute to monitor the naming of eligible depositories and reporting of the uninsured deposits and assets maintained in the collateral pools.

At December 31, 2021, the District's cash deposits had a bank and carrying balance of \$6,445.

Investments

The District has not adopted a formal investment policy; however, the District follows state statutes regarding investments.

The District generally limits its concentration of investments to those noted with an asterisk (*) below, which are believed to have minimal credit risk, minimal interest rate risk, and no foreign currency risk. Additionally, the District is not subject to concentration risk or investment custodial risk disclosure requirements for investments that are in the possession of another party.

Colorado revised statutes limit investment maturities to five years or less unless formally approved by the board of directors. Such actions are generally associated with a debt service reserve or sinking fund requirements.

Colorado statutes specify investment instruments meeting defined rating and risk criteria in which local governments may invest which include:

- . Obligations of the United States, certain U.S. government agency securities, and securities of the World Bank
- . General obligation and revenue bonds of U.S. local government entities
- . Certain certificates of participation
- . Certain securities lending agreements
- . Bankers' acceptances of certain banks
- . Commercial paper
- . Written repurchase agreements and certain reverse repurchase agreements collateralized by certain authorized securities
- . Certain money market funds
- . Guaranteed investment contracts
- * Local government investment pools

As of December 31, 2021, the District had the following investments:

<u>Investment</u>	<u>Maturity</u>	<u>Amount</u>
Colorado Local Government	Weighted-Average	
Liquid Asset Trust (COLOTRUST PLUS+)	Under 60 Days	<u>\$ 1,346,846</u>

**REMUDA RANCH METROPOLITAN DISTRICT

NOTE 3 CASH AND INVESTMENTS (CONTINUED)

Investments (Continued)

COLOTRUST

The District invested in Colorado Local Government Liquid Asset Trust (COLOTRUST) (the Trust), an investment vehicle established for local government entities in Colorado to pool surplus funds. The State Securities Commissioner administers and enforces all State statutes governing the Trust. The currently offers three portfolios – COLOTRUST PRIME, COLOTRUST PLUS+, and COLOTRUST EDGE.

COLOTRUST PRIME and COLOTRUST PLUS+, which operate similarly to a money market fund and each share is equal in value to \$1.00, offer daily liquidity. Both portfolios may invest in U.S. Treasury securities and repurchase agreements collateralized by U.S. Treasury securities. COLOTRUST PLUS+ may invest in certain obligations of U.S. government agencies, highest rated commercial paper, and any security allowed under CRS 24-75-601.

COLOTRUST EDGE, a variable Net Asset Value (NAV) Local Government Investment Pool, offers weekly liquidity and is managed to approximately a \$10.00 transactional share price. COLOTRUST EDGE may invest in securities authorized by CRS 24-75-601, including U.S. Treasury securities, repurchase agreements collateralized by U.S. Treasury securities, certain obligations of U.S. government agencies, highest rated commercial paper, and any security allowed under CRS 24-75-601.

A designated custodial bank serves as custodian for the Trust's portfolios pursuant to a custodian agreement. The custodian acts as safekeeping agent for the Trust's investment portfolios and provides services as the depository in connection with direct investments and withdrawals. The custodian's internal records segregate investments owned by the Trust. COLOTRUST is rated AAAM by Standard's & Poor's. COLOTRUST records its investments at fair value and the District records its investments in COLOTRUST at net asset value as determined by fair value. There are no unfunded commitments, the redemption frequency is daily or weekly, and there is no redemption notice period.

NOTE 4 CAPITAL ASSETS (CONTINUED)

NOTE 5 LONG-TERM OBLIGATIONS (CONTINUED)

The details of the District's general obligation bonds outstanding during 2020 are as follows:

Limited Tax General Obligation Bonds, Series 2020A (the Senior Bonds) and **Subordinate Limited Tax General Obligation Bonds, Series 2020B** (the Subordinate Bonds, and together with the Senior Bonds, the Bonds)

Bond Proceeds

The District issued the Bonds on December 16, 2020, in the par amounts of \$7,895,000 for the Senior Bonds and \$1,147,000 for the Subordinate Bonds.

Proceeds from the sale of the Senior Bonds were used to: (i) pay or reimburse Project Costs which are costs properly attributable to the Project or any part thereof, including reimbursement or payment of such costs in accordance with the Developer Reimbursement Agreement or any other similar agreements pursuant to which the District is bound; (ii) fund capitalized interest on the Senior Bonds; (iii) fund the Reserve Fund; and (iv) pay the costs of issuance of the Bonds. Proceeds of the Subordinate Bonds were used to: (i) pay a portion of the Project Costs and (ii) pay certain costs of issuance of the Subordinate Bonds.

Senior Bonds Details

The Senior Bonds bear interest at 5.000% per annum and are payable semiannually on June 1 and December 1, beginning on June 1, 2021, to the extent of available Senior Pledged Revenue. Annual mandatory sinking fund principal payments are due on December 1, beginning on December 1, 2025. The Senior Bonds mature on December 1, 2050.

To the extent principal of any Senior Bond is not paid when due, such principal shall remain outstanding until paid and shall continue to bear interest at the rate then borne by the Senior Bond. To the extent interest on any Senior Bond is not paid when due, such interest shall compound on each interest payment date at the rate then borne by the Senior Bond.

Senior Pledged Revenue

The Senior Bonds are secured by and payable from Senior Pledged Revenue, which means the moneys derived by the District from the following sources, net of the collection costs of the County and any tax refunds or abatements authorized by or on behalf of the County: (a) the Senior Required Mill Levy; (b) the portion of the Specific Ownership Tax which is collected as a result of imposition of the Senior Required Mill Levy; and (c) the Capital Fees, if any, and (d) any other legally available moneys which the District determines, in its absolute discretion, to transfer to the Trustee for application as Senior Pledged Revenue.

Capital Fees means the Facilities Fee and all other fees of a capital nature (excluding periodic, recurring service charges) imposed before and after the issuance of the Bonds. The District imposes a Facilities Fee of \$3,000 per residential unit to be constructed within the District. The Facilities Fee is due and payable to the District no later than 180 days after the closing on the sale of any parcel of property from the Developer to a non-affiliated entity or individual or upon issuance of a building permit for construction of structures on property within the District, whichever is sooner.

NOTE 5 LONG-TERM OBLIGATIONS (CONTINUED)

Senior Required Mill Levy

The District has covenanted to impose a Senior Required Mill Levy on all taxable property of the District each year in an amount sufficient to pay the Senior Bonds when due, and if necessary, an amount sufficient to replenish the Reserve Fund to the amount of the Reserve Requirement, but (i) not in excess of 40 mills (subject to adjustment for changes in the method of calculating assessed valuation after August 26, 2008), and (ii) if the amount on deposit in the Surplus Fund is less than the Maximum Surplus Amount, not less than 40 mills (subject to adjustment), or such lesser mill levy which will pay the Senior Bonds when due, will replenish the Reserve Fund to the amount of the Reserve Requirement, and will fund the Surplus Fund up to the Maximum Surplus Amount.

Additional Security for Senior Bonds

The Senior Bonds are also secured by capitalized interest which was funded from proceeds of the Senior Bonds in the amount of \$1,102,010, the Reserve Fund which was funded from proceeds of the Senior Bonds in the amount of the Reserve Requirement of \$622,000, and the Surplus Fund which is to be funded from excess Senior Pledged Revenue, if any, up to the Maximum Surplus Amount of \$789,500. The balance in the capitalized interest account as of December 31, 2021, is \$724,152.

Subject to the receipt of sufficient Senior Pledged Revenue, the Reserve Fund is to be maintained in the amount of the Reserve Requirement for as long as any Senior Bonds are outstanding. The balance in the Reserve Fund as of December 31, 2021, is \$622,035.

Senior Pledged Revenue that is not needed to pay debt service of the Senior Bonds in any year will be deposited to and held in the Surplus Fund, up to the Maximum Surplus Amount. Subject to the receipt of sufficient Senior Pledged Revenue, the Surplus Fund is to be maintained for as long as any Senior Bonds are outstanding. All amounts, if any, remaining after payment in full of the Senior Bonds, are pledged by the District as Subordinate Pledged Revenue. The balance in the Surplus Fund as of December 31, 2021, is \$-0-.

Subordinate Bonds Details

The Subordinate Bonds bear interest at the rate of 7.625% per annum and are payable annually on December 15, beginning December 15, 2021, from, and to the extent of, available Subordinate Pledged Revenue, if any, and mature on December 15, 2050. The Subordinate Bonds are structured as cash flow bonds meaning that there are no scheduled payments of principal or interest prior to the final maturity date. Unpaid interest on the Subordinate Bonds compounds annually on each December 15. In the event that any amount of principal or interest on the Subordinate Bonds remains unpaid on December 16, 2060, the Subordinate Bonds will be deemed discharged.

NOTE 12 TAX, SPENDING, AND DEBT LIMITATIONS

Article X, Section 20 of the Colorado Constitution, commonly known as the Taxpayer's Bill of Rights (TABOR), contains tax, spending, revenue, and debt limitations which apply to the State of Colorado and all local governments.

Spending and revenue limits are determined based on the prior year's Fiscal Year Spending adjusted for allowable increases based upon inflation and local growth. Fiscal Year Spending is generally defined as expenditures plus reserve increases with certain exceptions. Revenue in excess of the Fiscal Year Spending limit must be refunded unless the voters approve retention of such revenue.

TABOR requires local governments to establish Emergency Reserves. These reserves must be at least 3% of Fiscal Year Spending (excluding bonded debt service). Local governments are not allowed to use the Emergency Reserves to compensate for economic conditions, revenue shortfalls, or salary or benefit increases.

On November 4, 2008, a majority of the District's electors authorized the District to collect and spend or retain, beginning in 2009 and for each subsequent year, all revenues of the District without regard to any limitations under TABOR.

The District's management believes it is in compliance with the provisions of TABOR. However, TABOR is complex and subject to interpretation. Many of the provisions, including the interpretation of how to calculate Fiscal Year Spending limits will require judicial interpretation.

**REMUDA RANCH METROPOLITAN DISTRICT
2023 BUDGET
SUMMARY OF SIGNIFICANT ASSUMPTIONS**

Services Provided

The District was organized to provide Public Improvements and services for the benefit of all anticipated inhabitants and taxpayers of the District, either within or without its boundaries as they may change by virtue of inclusions of property. The District also serves to finance and oversee the construction, of these Public Improvements and, if appropriate, to dedicate the Public Improvements to other public entities or to provide for ongoing operations and maintenance. The District's service area is located in Douglas County, Colorado.

The District was formed by the District Court Order on November 13, 2008. The District will have a single district structure. This structure will allow the District to control both financing and services. The District anticipates receiving initial funding for both capital and ongoing administrative requirements from developer advances until other revenue is available to the District. The District will impose a mill levy on taxable property within its boundaries as a primary source of revenue for repayment of debt and for operations and maintenance. The District may also rely upon various other revenue sources authorized by law. At the District's discretion, these may include the power to assess fees, rates, tolls, penalties, or charges as provided for in C.R.S. § 32-1-1001(1), as amended.

District voters approved authorization of a Maximum Total Mill Levy of 50 mills to support debt service and operations and maintenance of the District. A maximum mill levy of 40 mills is authorized to support the debt service of the District, subject to the limitation of the Maximum Total Mill Levy. A maximum mill levy of 15 mills is authorized to support the operations and maintenance of District services and Public Improvements, subject to the limitation of the Maximum Total Mill Levy. The total debt limit for the District is \$15,000,000 inclusive of costs of issuance, organizational costs, inflation, and other similar costs.

The District has no employees and all administrative functions are contractual.

The District prepares its budget on the modified accrual basis of accounting in accordance with the requirements of Colorado Revised Statutes C.R.S. 29-1-105 using its best estimates as of the date of the budget hearing. These estimates are based on expected conditions and its expected course of actions. The assumptions disclosed herein are those that the District believes are significant to the budget. There will usually be differences between the budget and actual results, because events and circumstances frequently do not occur as expected, and those differences may be material.

Revenue

Property Taxes

Property taxes are levied by the District's Board of Directors. The levy is based on assessed valuations determined by the County Assessor generally as of January 1 of each year. The levy is normally set by December 15 by certification to the County Commissioners to put the tax lien on the individual properties as of January 1 of the following year. The County Treasurer collects the determined taxes during the ensuing calendar year. The taxes are payable by April or, if in equal installments, at the taxpayer's election, in February and June. Delinquent taxpayers are notified in August, and generally, sale of the tax liens on delinquent properties are held in November or December. The County Treasurer remits the taxes collected monthly to the District.

**REMUDA RANCH METROPOLITAN DISTRICT
2023 BUDGET
SUMMARY OF SIGNIFICANT ASSUMPTIONS**

Revenue – (continued)

The calculation of the taxes levied is displayed on the Property Tax Summary page of the budget using the mill levy adopted by the District.

Senate Bill 21-293 among other things, designates multi-family residential real property (defined generally, as property that is a multi-structure of four or more units) as a new subclass of residential real property. For tax collection year 2023, the assessment rate for single family residential property decreases to 6.95% from 7.15%. The rate for multifamily residential property, the newly created subclass, decreases to 6.80% from 7.15%. Agricultural and renewable energy production property decreases to 26.4% from 29.0%. Producing oil and gas remains at 87.5%. All other nonresidential property stays at 29%.

Specific Ownership Taxes

Specific ownership taxes are set by the State and collected by the County Treasurer, primarily on vehicle licensing within the County as a whole. The specific ownership taxes are allocated by the County Treasurer to all taxing entities within the County. The budget assumes that the District's share will be equal to approximately 9.0% of the property taxes collected.

Facilities Fees

The District imposes a Facilities Fee of \$3,000 per residential unit to be constructed within the District. The Facilities Fee is due and payable to the District no later than 180 days after the closing on the sale of any parcel of property from the Developer to a non-affiliated entity or individual or upon issuance of a building permit for construction of structures on property within the District, whichever is sooner.

Interest income

Investments earned on the District's funds available have been estimated on an average interest rate of 3.0%.

Developer Advance

The District is in the development stage. As such, the general and administrative expenditures will be mainly funded by the Developer. Developer advances are recorded as revenue for budget purposes with an obligation for future repayment when the District is financially able to reimburse the Developer from bond proceeds and other legally available revenue.

To the extent interest on any Series 2020A Bond is not paid when due, such interest shall compound on each Interest Payment Date at the rate then borne by the Series 2020A Bond.

The Series 2020A Bonds are subject to redemption prior to maturity, at the option of the District, on December 1, 2025, upon payment of par, accrued interest, and a redemption premium of 3% and on any date thereafter, with a redemption premium declining 1% per year for the next two years and no redemption premium thereafter.

The Senior Bonds are secured by and payable from the Senior Pledged Revenue, which means the moneys derived by the District from the following sources, net of the collection costs of the County and any tax refunds or abatements authorized by or on behalf of the County:

- (a) the Senior Required Mill Levy;
- (b) all Specific Ownership Tax which is collected as a result of imposition of the Senior Required Mill Levy;
- (c) the Capital Fees, if any; and
- (d) any other legally available moneys which the District determines, in its absolute discretion, to transfer to the Trustee for application as Senior Pledged Revenue.

Debt and Leases – (continued)

Capital Fees means the Facilities Fee and all other fees of a capital nature (excluding periodic, recurring service charges) imposed before and after the issuance of the Bonds.

On December 16, 2020 the District issued Subordinate Limited Tax General Obligation Bonds, Series 2020B ("Subordinate Bonds"). The Subordinate Bonds are issued at the rate of 7.625% per annum and are structured as "cash flow" bonds, meaning that no regularly scheduled payments of principal are due on the Subordinate Bonds prior to their maturity date. Instead, principal is payable on each December 15 from the available Subordinate Pledged Revenue, if any, pursuant to a mandatory redemption. Proceeds from the sale of the Series 2020B Subordinate Bonds were used for the purposes of: (a) paying a portion of the Project Costs and (b) paying costs of issuance of the Series 2020B Subordinate Bonds.

Interest on the Subordinate Bonds is payable on each December 15, commencing December 15, 2021, to the extent of the Subordinate Pledged Revenue and accrued unpaid interest on the Subordinate Bonds will compound annually on each December 15 until sufficient Subordinate Pledged Revenue is available for payment.

In the event that any amount of principal or interest on the Subordinate Bonds remain unpaid on December 16, 2060 (the "Termination Date"), the Subordinate Bonds will be deemed paid, satisfied, and discharged.

The Subordinate Bonds are subject to redemption prior to maturity, at the option of the District, on December 1, 2025, upon payment of par, accrued interest, and a redemption premium of 3% and on any date thereafter, with a redemption premium declining 1% per year for the next two years and no redemption premium thereafter.

The Subordinate Bonds are secured by and payable solely from and to the extent of Subordinate Pledged Revenue, which means the moneys derived by the District from the following sources, net of the collection costs of the County and any tax refunds or abatements authorized by or on behalf of the County:

- (a) the Subordinate Required Mill Levy;
- (b) the portion of the Specific Ownership Tax resulting from imposition of the Subordinate Required Mill Levy;
- (c) the Subordinate Capital Fee Revenue, which means the Capital Fees remaining after deduction of all amounts applied to the payment of the Senior Bonds, if any, and any other then outstanding senior bonds;
- (d) all amounts remaining, if any, in the Senior Surplus Fund after payment in full of the principal of, premium, if any, and interest on the Senior Bonds; and
- (e) any other legally available moneys which the District determines, in its absolute discretion, to transfer to the Trustee for application as Subordinate Pledged Revenue.

The District has no operating or capital leases.
